New MSI Learning Management System Coming Soon!

The MEL is excited to announce that the New MSI Learning Management System (LMS) will be launching on May 1st. The new LMS has similar features to the current LMS along with new technology.

****Please note that the current MSI LMS will be unavailable for use due to finalizing the system conversion from Monday April 17th through Friday, April 28th. Please call Andrea Felip at 856-552-4740 for any assistance with training certificates, reporting, etc. during that time.*

Below is a list of instructional webinars for Training Administrators and Students to learn how to navigate and use the new system with a variety of date options.

Your attendance at either the Administrator or Student training is highly recommended! Please see the course descriptions below and click on the course link to register.

New MSI LMS -Training Administrator Overview

This highly recommended course is designed for existing Training Administrators in the current MSI Learning Management System (LMS) or those who plan to be in the future. Training Administrators will be given an overview of the new LMS including their required tasks.

New MSI LMS - Student (Learner) Overview

This highly recommended course is designed for employees who are required to complete MSI training by their employer. Students will be given an overview of the new MSI Learning Management System (LMS) including how to log into the system.
