

# Directions to Install the New MEL App

**IMPORTANT NOTE:** Delete the old NJ MEL App before downloading the new version.

## DOWNLOAD

**Step 1:** Scan the [QR Code](#) to go directly to the NJ MEL app in the Google Play or Apple store, or, type NJMEL into the search.

**Step 2:** Download the app and click

**OPEN**

## NOTIFICATIONS

**Step 3:** Click [Allow](#) — If you do not, you will not be able to receive any push notifications and news through the app.

**Step 4:** Location Click [Allow](#) If you want to receive geofenced messages, which are those targeted to a certain area of the state.

**Step 5:** Location click [Allow While Using the App](#).

This is only required to receive location specific messages but we suggest keeping it on. You can always change your settings by going to the main menu and clicking on the [Settings](#) tab.

## CONTENT

**Step 6:** Click on the [Message Center](#).

**Step 7:** Click [Select Your Content](#).

**Step 8:** [Select Categories](#) of messages/push notifications you want to receive—you can choose as many as you want. The checkmark will turn dark when selected.

**Step 9:** Scroll down and enter your [Name/Email](#) (this is optional)

**Step 10:** Click [Submit](#)

**Congratulations!**

**You are ready to use App!**
