RESPONSE TO

RFQ # 24-02 – EMERGENCY RESTORATION SERVICES

The Municipal Excess Liability Joint Insurance Fund (MEL)

Due: March 6th, 2024

PREPARED BY:

Account Manager | Paul Migliore | P:(973-900-1638)

BELFOR Northern New Jersey | 50 Ethel Road West, Piscataway, NJ, 08854 | P:(732-317-4500)

BELFOR is the technical services leader in disaster recovery and property restoration, as well as a General Contractor, offering the most extensive network of resources for municipal losses in the industry.

Founded in 1946, our 78-year history and vast experience over the years has afforded us the opportunity to restore and repair almost every type of structure imaginable. Regardless of the peril or extent of damage, there is no doubt someone in the company who has experienced a similar scenario who can assist or lead the project.

● **Distribution**

With 122 offices in the U.S., 40 in Canada and over 450 around the world, BELFOR is both globally strong and locally focused. BELFOR teams are able to respond immediately in almost every major market in North America and many around the world.

● **Privately Held**

All locations are wholly-owned by BELFOR USA Ltd.; there are no franchise locations. This allows us to control quality and consistency of services nationwide and to mobilize resources effectively during area-wide disasters.

● **Personnel**

With over 3,500 full-time employees in North America and more than 9,500 worldwide, BELFOR brings an abundance of talent and ability unequalled in our industry. The experience we bring to each project represents true value to our clients.

● **Certifications & Licensing**

BELFOR maintains required certifications, licensing, bonding capacity, and insurance coverage in all areas, allowing our teams to perform work in compliance with all state and federal regulations. BELFOR also adheres to other various requirements as mandated by both the Occupational Safety and Health Administration (OSHA) and the Environmental Protection Agency (EPA).

● **Projects Big & Small**

BELFOR provides service in the local community for all sized projects. No matter the extent of the problem, we are always available to consult with our clients at no charge on the best course of action for property damage.

The vast majority of local BELFOR projects are under \$10,000, although we routinely perform multi-million dollar projects. In the last three calendar years, we have performed 383 projects in excess of \$1M. The largest job ever performed was in excess of \$200 million.

● **Area-Wide Event Response**

BELFOR has responded in force to every major area-wide event in the country since Hurricane Andrew in 1993.

BELFOR's ability to scale up and deploy a vast arsenal of personnel, equipment and scarce resources in area-wide disasters is unequalled in the industry. Due to our vast network, BELFOR is uniquely qualified to respond to a large amount of commercial losses, even in the event of multiple disasters. By scaling up quickly with additional resources from around the region, then around the continent and other countries, a large number of restoration projects can be performed simultaneously.

After the three hurricanes in 2017, our massive deployments in Texas, Florida, Puerto Rico, St. John, St. Thomas and St. Croix showcased our ability to rapidly expand resources on a grand scale in response to ever-increasing demands.

Having a National Large Loss Team and a Technical Services Division that can respond in area-wide emergencies, BELFOR offices are never closed or hindered in any way from servicing their local communities. Our clients can depend on BELFOR to respond to their local losses regardless of what else is going on in the industry.

- 4). During the course of performance of the work BELFOR may add additional equipment to the schedule.

§ I. III. **SCHEDULED CONSUMABLES (see § I. I. I Itemized Scheduled Consumables)**

- 1). Any scheduled consumables purchased locally where the unit price exceeds 80% of the rate, the item will be invoiced at documented cost plus 20% mark-up
- 2). During the course of performance of the work BELFOR may add additional consumables to the Rate Schedule.
- 3). BELFOR reserves the right to change the unit rate of scheduled consumables affected by market conditions.
- 4). Scheduled consumables are charged on a "per unit" basis whether consumed by the unit or not.

§ I. IV. **VENDORS, UNSCHEDULED MATERIALS & UNSCHEDULED EQUIPMENT**

- 1). 20% mark-up will be added to the total of all documented costs for Unscheduled Materials, Unscheduled Equipment, and Subcontractors / Vendors (including DUCTZ HVAC and BELFOR Environmental Services) who are not fulfilling a scheduled Labor Classification.

§ I. V. **REIMBURSABLES**

- 1). 20% mark-up will be added to the total of all reimbursables.
- 2). Standard per diem rates are \$59 per person per day (2023 GSA base rate). The 1.35 multiplier will be applied for NYC, Cape Cod, Martha's Vineyard, Nantucket, AK, HI, Latin America, and the Caribbean (\$79.65). The 1.25 multiplier will be applied for CA, OR and WA (\$73.75). Per Diem will be charged for all traveling personnel in § I. I Itemized Scheduled Labor Classification. BELFOR charges this daily rate whether the per diem is paid directly to the person, is charged to BELFOR as a separate charge, or is included with other compensation considerations. For multiple jobs on a single day, per diem will be prorated accordingly.
- 3). Per Diem reimbursement is subject to certain limitations regarding deductibility governed by the Internal Revenue Service, Code of 1986, Section 274(n)(1). Please consult your tax advisor on the appropriate treatment of these costs on your project as it is our policy that any deductibility limitation for income tax purposes is the responsibility of the customer.
- 4). BELFOR shall be reimbursed for travel expenses (airfare, lodging, rental cars, per diem) for personnel at documented costs plus markup (see item 1).
- 5). Lodging will be charged in accordance with the published GSA lodging allowance in effect at the time of the stay (<https://www.gsa.gov/travel/plan-book/per-diem-rates/>) plus applicable fees and taxes. As is the case with the Federal Travel Regulations, actual expense reimbursement is allowed when the lodging allowance is insufficient to meet the necessary expenses.
- 6). An optional methodology for lodging charges is to apply a lodging allowance as follows: Lodging may be charged at the average nightly rate of up to three hotels that house project personnel (BELFOR and/or subcontractors). The full average nightly rate will be charged for single occupancy and 50% of the average nightly rate per person will be charged for double occupancy.

§ I. VI. **DOCUMENT DRYING AND RECOVERY SERVICES**

Freeze drying charges will range from \$55 to \$95 per cubic foot based on the volume of documents to be dried, the type of document (bound or loose paper), and the moisture saturation.

The above rates represent the charges for freeze drying only. Labor, equipment, materials and other document treatments performed will be billed in accordance with the rates herein and any project specific quotations.

Other recovery service charges will be determined per job, based on the following relevant factors:

* Nature of Damage	* Degree of soot/char	* Intended Use of Document	* Moisture Saturation	* Mold Contamination	* Odor
--------------------	-----------------------	----------------------------	-----------------------	----------------------	--------

Because the type and level of contamination may vary so greatly and thus affect the resultant recovery protocol required, these additional services will be quoted after examining a sample of the affected documents.

§ I. VII. **CAT CONSIDERATIONS (Based on Property Claim Services assigning a CAT Serial Number)**

- 1). A 6% fee will be added to the total of each invoice. This fee will cover all of the indirect charges that must be allocated to each job in the CAT. Examples of these charges would be CAT management, CAT office, admin support, warehousing, etc...

§ I. VIII. **BILLING AND PAYMENT**

- 1). Invoices generated in accordance with the BELFOR Rate and Materials Schedule will be submitted periodically for work that has been performed. As such, all invoices are due and payable upon receipt and will be considered late 30 days after receipt of the invoice. If there are any disputed charges on any invoice these should be clearly identified in writing within 30 days and an additional 30 days will be allowed to resolve disputed charges. Interest charges will begin to accrue after 30 days for undisputed charges and after 60 days for the disputed charges at the rate of: 1) 1% per month or 2) as specified in the terms and conditions of the applicable contract.
- 2). All charges for billing portals and for credit card payments will be passed on to the client at documented cost.

The rates contained in this exhibit are exclusive of federal, state and local sales or use taxes and the costs associated with any applicable federal, state or local approvals, consents, permits, licenses and orders incident to performance of the work.
