REQUEST FOR PROPOSAL (RFP) FOR EMERGENCY CLEANUP AND RESTORATION SERVICES

1.0 PURPOSE AND INTENT

1.1 Through this REQUEST FOR PROPOSAL (RFP), the Municipal Excess Liability Joint Insurance Fund (hereinafter the “Fund” or “MEL”) on behalf of its member local government agencies (members) seek to qualify Service Providers that provide emergency cleanup and restoration services for use on an as needed basis for the 2024, 2025, 2026 fund years commencing upon appointment. Pursuant to N.J.S.A. 40A:11-6 (Exhibit B), contracting units may, under emergency circumstances, award contracts for services without publicly advertising for bids when there is an emergency affecting the public health, safety or welfare.

1.2 It is the intent of this RFP to exceed the minimum statutory procurement requirements for hiring contractors by qualifying emergency restoration service vendors by county within the state so that MEL members may select from this list of vendors in the event emergency restoration services are needed.

1.3 While this procedure allows for simplified contracting in an emergency, MEL members (Exhibit A) are under no obligation to select a vendor from this list and may determine to use other allowable contracting procedures as they determine as necessary. In addition, The Municipal Excess Liability Joint Insurance Fund reserves the right to consider proposals received after the deadline and may amend its list of qualified vendors by action of the Board of Fund Commissioners.

2.0 PROPOSAL SUBMISSION

LOCAL PUBLIC CONTRACTS LAW – EMERGENCY PROVISIONS

40A:11-6. Emergency contracts

Any contract may be negotiated or awarded for a contracting unit without public advertising for bids and bidding therefor, notwithstanding that the contract price will exceed the bid threshold, when an emergency affecting the public health, safety or welfare requires the immediate delivery of goods or the performance of services; provided that the awarding of such contracts is made in the following manner:

- a. The official in charge of the agency wherein the emergency occurred, or such other officer or employee as may be authorized to act in place of that official, shall notify the purchasing agent, a supervisor of the purchasing agent, or a designated representative of the governing body, as may be appropriate to the form of government, of the need for the performance of a contract, the nature of the emergency, the time of its occurrence and the need for invoking this section. If that person is satisfied that an emergency exists, that person shall be authorized to award a contract or contracts for such purposes as may be necessary to respond to the emergent needs. Such notification shall be reduced to writing and filed with the purchasing agent as soon as practicable.
- b. Upon the furnishing of such goods or services, in accordance with the terms of the contract, the contractor furnishing such goods or services shall be entitled to be paid therefor and the contracting unit shall be obligated for said payment. The governing body of the contracting unit shall take such action as shall be required to provide for the payment of the contract price.
- c. The Director of the Division of Local Government Services in the Department of Community Affairs shall prescribe rules and procedures to implement the requirements of this section.
- d. The governing body of the contracting unit may prescribe additional rules and procedures to implement the requirements of this section.

SUBCHAPTER 6. EMERGENCY PURCHASES AND CONTRACTS

5:34-6.1 General requirements

(a) The use of emergency purchasing pursuant to N.J.S.A. 40A:11-6 or 18A:18A-7 shall be subject to the following requirements:

1. An actual or imminent emergency must exist requiring the immediate delivery of the goods or the performance of the service;
2. As soon as reasonably possible, but within three days of declaring the emergency, the chief school administrator of a board of education shall notify the superintendent of education for the county of the nature of the emergency and the estimated needs for goods and services necessary to respond to it;
3. The emergency purchasing procedure may not be used unless the need for the goods or

services could not have been reasonably foreseen or the need for such goods or services has arisen notwithstanding a good faith effort on the part of the contracting unit to plan for the purchase of any goods or services required by the contracting unit;

4. The contract shall be of such limited duration as to meet only the immediate needs of the emergency; and

5. Under no circumstances shall the emergency purchasing procedure be used to enter into a multi-year contract.

(b) The governing body of each contracting unit shall adopt rules or regulations as appropriate to the contracting unit to ensure that there is a procedure for determining and confirming the existence of an emergency and that the provisions for emergency purchasing pursuant to N.J.S.A. 40A:11-6 or 18A:18A-7 may be implemented. Such rules or regulations shall include such provisions that ensure that if initially designated individuals are not available, there is a designated chain of command to ensure that there are always appropriate individuals available to make such decisions.

EXHIBIT B

MANDATORY EQUAL EMPLOYMENT OPPORTUNITY LANGUAGE

N.J.S.A. 10:5-31 et seq. (P.L.1975, c.127)

N.J.A.C. 17:27-1.1 et seq.

CONSTRUCTION CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Except with respect to affectional or sexual orientation and gender identity or expression, the contractor will ensure that equal employment opportunity is afforded to such applicant's in recruitment and employment, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Such equal employment opportunity shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this nondiscrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex.

The contractor or subcontractor will send to each labor union, with which it has a collective bargaining agreement, a notice, to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment. The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer, pursuant to N.J.S.A. 10:5-31 et seq., as amended and supplemented from time to time and the Americans with Disabilities Act.

When hiring or scheduling workers in each construction trade, the contractor or subcontractor agrees to make good faith efforts to employ minority and women workers in each construction trade consistent with the targeted employment goal prescribed by N.J.A.C. 17:27-7.2; provided, however, that the Dept. of LWD, Construction EEO Monitoring Program, may, in its discretion, exempt a contractor or subcontractor from compliance with the good faith procedures prescribed by the following provisions, A, B, and C, as long as the Dept. of LWD, Construction EEO Monitoring Program is satisfied that the contractor or subcontractor is employing workers provided by a union which provides evidence, in accordance with standards prescribed by the

Dept. of LWD, Construction EEO Monitoring Program, that its percentage of active "card carrying" members who are minority and women workers is equal to or greater than the targeted employment goal established in accordance with N.J.A.C. 17:27-7.2. The contractor or subcontractor agrees that a good faith effort shall include compliance with the following procedures:

(A) If the contractor or subcontractor has a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor shall, within three business days of the contract award, seek assurances from the union that it will cooperate with the contractor or subcontractor as it fulfills its affirmative action obligations under this contract and in accordance with the rules promulgated by the Treasurer pursuant to N.J.S.A. 10:5-31 et. seq., as supplemented and amended from time to time and the Americans with Disabilities Act. If the contractor or subcontractor is unable to obtain said assurances from the construction trade union at least five business days prior to the commencement of construction work, the contractor or subcontractor agrees to afford equal employment opportunities minority and women workers directly, consistent with this chapter. If the contractor's or subcontractor's prior experience with a construction trade union, regardless of whether the union has provided said assurances, indicates a significant possibility that the trade union will not refer sufficient minority and women workers consistent with affording equal employment opportunities as specified in this chapter, the contractor or subcontractor agrees to be prepared to provide such opportunities to minority and women workers directly, consistent with this chapter, by complying with the hiring or scheduling procedures prescribed under (B) below; and the contractor or subcontractor further agrees to take said action immediately if it determines that the union is not referring minority and women workers consistent with the equal employment opportunity goals set forth in this chapter.

(B) If good faith efforts to meet targeted employment goals have not or cannot be met for each construction trade by adhering to the procedures of (A) above, or if the contractor does not have a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor agrees to take the following actions:

(1) To notify the public agency compliance officer, the Dept. of LWD, Construction EEO Monitoring Program, and minority and women referral organizations listed by the Division pursuant to N.J.A.C. 17:27-5.3, of its workforce needs, and request referral of minority and women workers;

(2) To notify any minority and women workers who have been listed with it as awaiting available vacancies;

(3) Prior to commencement of work, to request that the local construction trade union refer minority and women workers to fill job openings, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade;

(4) To leave standing requests for additional referral to minority and women workers with the local construction trade union, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade, the State Training and Employment Service and other approved referral sources in the area;

(5) If it is necessary to lay off some of the workers in a given trade on the construction site, layoffs shall be conducted in compliance with the equal employment opportunity and nondiscrimination

standards set forth in this regulation, as well as with applicable Federal and State court decisions;

(6) To adhere to the following procedure when minority and women workers apply or are referred to the contractor or subcontractor:

The contractor or subcontractor shall interview the referred minority or women worker.

If said individuals have never previously received any document or certification signifying a level of qualification lower than that required in order to perform the work of the construction trade, the contractor or subcontractor shall in good faith determine the qualifications of such individuals. The contractor or subcontractor shall hire or schedule those individuals who satisfy appropriate qualification standards in conformity with the equal employment opportunity and non-discrimination principles set forth in this chapter. However, a contractor or subcontractor shall determine that the individual at least possesses the requisite skills, and experience recognized by a union, apprentice program or a referral agency, provided the referral agency is acceptable to the Dept. of LWD, Construction EEO Monitoring Program. If necessary, the contractor or subcontractor shall hire or schedule minority and women workers who qualify as trainees pursuant to these rules. All of the requirements, however, are limited by the provisions of (C) below.

The name of any interested women or minority individual shall be maintained on a waiting list, and shall be considered for employment as described in (i) above, whenever vacancies occur. At the request of the Dept. of LWD, Construction EEO Monitoring Program, the contractor or subcontractor shall provide evidence of its good faith efforts to employ women and minorities from the list to fill vacancies.

If, for any reason, said contractor or subcontractor determines that a minority individual or a woman is not qualified or if the individual qualifies as an advanced trainee or apprentice, the contractor or subcontractor shall inform the individual in writing of the reasons for the determination, maintain a copy of the determination in its files, and send a copy to the public agency compliance officer and to the Dept. of LWD, Construction EEO Monitoring Program.

(7) To keep a complete and accurate record of all requests made for the referral of worker's in any trade covered by the contract, on forms made available by the Dept. of LWD, Construction EEO Monitoring Program and submitted promptly to the Dept. of LWD, Construction EEO Monitoring Program upon request.

(C) The contractor or subcontractor agrees that nothing contained in (B) above shall preclude the contractor or subcontractor from complying with the union hiring hall or apprenticeship policies in any applicable collective bargaining agreement or union hiring hall arrangement, and, where required by custom or agreement, it shall send journeymen and trainees to the union for referral, or to the apprenticeship program for admission, pursuant to such agreement or arrangement. However, where the practices of a union or apprenticeship program will result in the exclusion of minorities and women or the failure to refer minorities and women consistent with the targeted county employment goal, the contractor or subcontractor shall consider for employment persons referred pursuant to (B) above without regard to such agreement or arrangement; provided further, however, that the contractor or subcontractor shall not be required to employ women and minority advanced trainees and trainees in numbers which result in the employment of advanced trainees and trainees as a percentage of the total workforce for the construction trade, which percentage significantly exceeds the apprentice to journey worker

ratio specified in the applicable collective bargaining agreement, or in the absence of a collective bargaining agreement, exceeds the ratio established by practice in the area for said construction trade. Also, the contractor or subcontractor agrees that, in implementing the procedures of (B) above, it shall, where applicable, employ minority and women workers residing within the geographical jurisdiction of the union.

After notification of award, but prior to signing a construction contract, the contractor shall submit to the public agency compliance officer and the Dept. of LWD, Construction EEO Monitoring Program an initial project workforce report (Form AA-201) electronically provided to the public agency by the Dept. of LWD, Construction EEO Monitoring Program, through its website, for distribution to and completion by the contractor, in accordance with N.J.A.C. 17:27-7. The contractor also agrees to submit a copy of the Monthly Project Workforce Report once a month thereafter for the duration of this contract to the Dept. of LWD, Construction EEO Monitoring Program, and to the public agency compliance officer.

The contractor agrees to cooperate with the public agency in the payment of budgeted funds, as is necessary, for on-the-job and/or off-the job programs for outreach and training of minorities and women.

(D) The contractor and its subcontractors shall furnish such reports or other documents to the Dept. of LWD, Construction EEO Monitoring Program as may be requested by the Dept. of LWD, Construction EEO Monitoring Program from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Dept. of LWD, Construction EEO Monitoring Program for conducting a compliance investigation pursuant to N.J.A.C. 17:27-1.1 et seq.

August 15 2023

Identification Number: 22-3235664

MONTANA CONSTRUCTION CORP.,
80 CONTANT AVENUE
LODI, NJ 07644

Dear Sir/Madam,

In accordance with Title 27:7-35 et seq., and Regulation of the New Jersey Department of Transportation, you are hereby notified that your firm has been CLASSIFIED by the New Jersey Department of Transportation. Please see ATTACHMENT A for your firm's assigned financial capability, work classification(s), and project rating(s).

Your firm's financial capability is based on (net working capital or (Net Worth x 15) + (net book value of construction equipment, less the value of any outstanding loans x 15) + (unsecured lines of credit in accordance with the Questionnaire x 7) as determined by the Department from the information your firm submitted for the Close of Business on 12/31/2022. Please see ATTACHMENT B for explanation.

Your firm's financial capability is defined as the dollar threshold on the maximum of a project rating, which is assigned by the Department pursuant to N.J.A.C. 16:44-3.6 upon examination of the contractor's Questionnaire and financial statement submitted in accordance with this chapter. Project Rating is defined as the maximum dollar amount that a Contractor shall be allowed to bid in a particular work type on and individual project.

This CLASSIFICATION will be effective on 8/23/2023 and will expire on 6/30/2024

Bid will only be accepted from a contractor classified with the Department pursuant to N.J.A.C. 16:44-3. Bids will only be accepted from a contractor who has been classified in at least one of the work classifications required in the project advertisement. Bids will be accepted from a contractor in an amount that does not exceed its project rating. When there is a question as to whether a bid is within the contractor's classification or, where it reasonably appears that a contractor may not have the classification that will allow it to bid on a project for which bids are being sought, the bid will be opened provisionally. If the bid is for a different work classification or in a dollar amount greater than the contractor's maximum project rating, the bid will be rejected.

Specialties: G.C -Heavy – Paving & Utilities – Site work
Range: C – Over \$1.5 Million

Dear Ms. Ballerini:

We are pleased to inform you that The Port Authority of NY & NJ has re-evaluated your business and determined that it continues to be eligible to participate in the agency's Women-owned Business Enterprise (WBE) Program. Montana Construction Corp. Inc., is currently qualified in the construction specialties and range noted above and remains in the Port Authority's directory of certified MWBEs, which can be accessed at <https://panynjdiversitysoftware.com/FrontEnd/SearchCertifiedDirectory>.

However, the firm's updated construction references are under review by our Engineering Department. If as a result, there are changes to Montana Construction Corp. Inc.'s qualification status, you will be notified under a separate letter.

Please be advised that we periodically review all certifications and reserve the right to decertify any firm that no longer meets our guidelines. You must notify the Office of Diversity & Inclusion in writing within 30 days of any significant changes to your business. These include, but are not limited to, a change of officers, directors, location and business name. Failure to advise us of these changes can result in decertification of your business.

If you have any questions regarding your certification, you may contact me at (201) 395-3902 or via email at lhines@panynj.gov.
